Seamless support for NDIS customers.

Avivo is a proud registered provider under the National Disability Insurance Scheme (NDIS).

We're committed to delivering personalised, high-quality care that helps you live life your way.

What is the NDIS?

The NDIS is a government program that helps people with permanent or significant disabilities. If eligible, as an NDIS customer you can get funding for the care and support you need to live your life. It also lets you choose who provides your care and how you want to be cared for.

We take time to understand your goals and create tailored support plans to help you live life on your terms – supporting your everyday needs and big dreams!
